

Oefening 11. 7

The screenshot shows a Windows-style application window titled "AlarmClock". The window has a standard title bar with minimize, maximize, and close buttons. The main content area displays the current time "19:15:35" in a large, black, sans-serif font. Below the time, there is a label "Alarmtijd" followed by an empty rectangular text input field. To the right of the input field is a gray button labeled "Set". At the bottom of the window, there are two radio button options: "Beep" (which is selected, indicated by a filled circle) and "Flicker" (which is unselected, indicated by an empty circle).

BeepAlarm

FlickerAlarm
